

DRAGON GRIPS ORIGINAL SLIDE & GLIDE

We call this apparatus the Slide & Glide...just a genius invention! A handy piece of equipment to have around....

The S & G makes a small dolly move possible without a dolly. It allows the camera to have just that little freedom to move across on a long lens shot, if necessary.

With the Slide & Glide, the camera can be top mounted or under slung. In addition, can double up as a small booming-up-device when a dolly can not be brought in, maintaining the handheld feel on all these occasions.

You can mount the Slide & Glide on legs or screw it on to an applebox. Add a Slide and Glide for a lateral move on the dolly or just throw it on the ground and put a riser on, if needed.

Everything in minutes...FANTASTIC!

PRICE

2 Foot S&G – \$2120

3 Foot S&G – \$2315

4 Foot S&G – \$2505

6 Foot S&G – \$3055
