

# DRAGON GRIPS PLATFORM LADDER POD

Not just any ladder pod, THE Ladder Pod!

The brilliance with this ladder pod is that it allows Operator and Focus Puller to stand as ease, or sit with comfort while doing a shot.

The 4' x 4' hexagon is in theory similar to the old school Ladder Pod but far more useful, easy, sensible and very dynamic. You can pan 360 degrees, do a walk around and get high and angle shots. If you wanted, you can attach a mini crane with ease.

If you have imagination, you can use the Dragon Platform Ladder Pod in more ways than the old school ladder pod.
